

We are London based team of young and dynamic technicians and surveyors.

We can carry out full or partially controlled measured building surveys according to your budget and specification details.

Floor plans, sections and elevations are all undertaken using latest reflectorless measuring equipment.

Your Cad Service has vast experience in **measured building surveying** with an impressive client portfolio. We have surveyed everything from warehouses, office buildings to churches. Our surveyors are on hand to talk through your project and come up with a measured survey specification to suit your needs, and we will always do our best to accommodate you if you are up against a tight deadline. It will take 4-5 working days to complete measured survey (depending of the size of the property).

We work on projects throughout the UK

Our CAD Drawings are produced for a variety of purposes:

- HOUSING - From Simple Floor Plans for Housing Associations to Luxury Homes.
- RETAIL - Preparation of a Building Layout for the Refurbishment of a Large Department Store, Shop Layouts etc.
- EDUCATION - yourCADservice had undertaken surveys of numerous academic buildings and halls of Residences
- LEISURE - Historic Building for Refurbishment as a Hotel, Floor Plans of Pubs and Restaurants.

Floor Plans

Our floor plans showing Walls, Columns, Doors, Windows, Low level Walls, Boundary Fences, Sill and Head Heights, Ceiling Heights, Opening Heights Spot Heights, FFL, SVP's, RWP's, Drains and Manholes.

We also can enhance these further by adding Services such as:

architectural surveyors & technicians
